The Executive Director,
Polaris Cables & Wires Pvt. Ltd.
43, Parul, Janaki Kutir,
Juhu Church, Juhu Tara Road,
Bombay-400 049,

Dear Sir,

Subj:- F.I. Approval- PVC Wire & Cables

We refer to your letter No. PCWPL/040/95-96 dated 1-9-95 with enclosure and kindly note that the scheme of equipment approval operated by T.A.C. has been discontinued with effect from 1-1-1995.

Instead of that now the equipment may be accepted by TAC. if any one of the following is complied with.

i) The product must come from a manufacturer who possesses a valid licence from BIS to manufacture such a product.

OR

From a manufacturer who is covered under Quality Certification Scheme of BIS under ISO-9001.

ii) Alternatively, a test certificate (which should not be more than 3 years old) from a test house/laboratory run or recognised by the Central Government or BIS to the effect that the equipment has been fully tested in accordance with the relevant Indian/ International Standards and fully Complies with the same can be accepted.

- iii) Equipment which is being manufactured abroad and imported must bear the Certification mark of the National Standards Body of the Country of Origin.
- iv) Equipment, listed by LPC, UK., UL/FM of USA or VDS, Germany will stand automatically approved.
- v) For those items where there are no standards available, the manufacturer can get the same tested according to any of the International Standards accepted by TAC from any of the laboratories recognised by Government/BIS and their certificates can be accepted.
- vi) Whenever necessary equipment should also comply with the special requirements/provisions of the Fire Protection Manual of TAC.

Thanking you,

Yours faithfully,

(B.P. PARIKH)

Asst. General Manager
